## PERSONAL PROJECTS

Smart Gujarat Hackathon Event Management App  
(02/2020 - 02/2020)

- Managing the attendance of 1000+ participants through QR code and keeping track of 1400+ people for food is all that this app did. The inspection committee of the Smart Gujarat Hackathon recognized this app.

Charusat Valentine (10/2018 - 12/2018)

- As the name suggests, it was for valentine's day at CHARUSAT. It was an instant hit and gained 1000+ downloads under first 12 hours of launch.

Cognizance 2k19 (09/2019 - 09/2019)

- This Cross-Platform app was built with React Native for Techfest held at CHARUSAT University. Built the app in under 5 working days. I published this app on the App Store and Play Store.

Real time payment through Google Play (12/2019 - 12/2019)

- This app was built for a client who required an app which can accept payments through Google Play.

Food Hunt - An app for hostelites (10/2019 - Present)

- Food Hunt is built in React Native for the local hostelites who can see the menu of nearby messes and choose wisely by the ratings and reviews provided within the app.
